### **DETAILED ACTION**

The information disclosure statement filed 12/03/2007 fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of the Chinese office action that is not in the English language. It has been placed in the application file, but the information referred to therein (the Chinese office action) has not been considered.

#### ***Allowable Subject Matter***

Claim 23-30 and 34 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 23-30 and 34 are allowed over the prior art of record because the prior art of record, including closest US patent application (US 2002/0101808) and US Patent Seo (US 7057990) and US Patent Seong (US 7068933) considered individually or in combination fail to disclose or fairly teach an apparatus for controlling a monitor photo diode with a medium gain selector and an operation gain selector, wherein the output gains of the operation gain selector are multiplied by the output of the medium gain selector.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
